Dear Mr. Flowers:

On September 15, 2009, representatives of the U. S. Environmental Protection Agency (EPA) inspected your facility. The inspection was conducted under the authority of Section 3007 of the Resource Conservation and Recovery Act (RCRA).

I have reviewed the inspection report and sampling analyses data and determined that no violations of RCRA were documented. Therefore, no further action concerning this matter is necessary at this time. Please note that EPA reserves its enforcement authorities, including assessment of penalties, for violations that occur at any time.

I encourage you to contact the Missouri Department of Natural Resources (MDNR) at (573) 751-3176 to ask any questions you may have regarding the regulations. To obtain a copy of MDNR's hazardous waste regulations, please contact the office of the Secretary of State, State Information Center, P.O. Box 778, Jefferson City, Missouri 65102, or at (573) 751-4015. The MDNR also maintains a web site at <http://www.dnr.state.mo.us>.
